Subject: Biofuels and Alternative Fuels Compatibility

To Whom It May Concern:

BRUGG Pipesystems' complete line of pipe products (including fittings), which include the FLEXWELL-HL, SECON-X, NIROFLEX and LPG product lines, are compatible with 100% ethanol and ethanol blended fuels.

The same BRUGG pipe product lines are also compatible with 100% methanol and methanol blended fuels, as well as all concentrations of Bio-Diesel and DEF (Diesel Exhaust Fluid).

For questions and/or further information, please contact Kelly Crellin at the address or phone number listed below, or by Email to Crellin.kelly@brugg.com.

Respectfully,

Kelly Crellin
President
